**We Deliver Smiles**

## WE ARE FAMILY

Mason's Toy Box elves are the driving force of our organization. They help find area businesses to welcome our volunteer-made toy donation boxes; retrieve and sort toys prior to hospital deliveries; host events to benefit MTB; lead fundraisers and more.

Many of our elves were once recipients themselves. Some do all they can to serve alongside us as they fight to live. There is a place for you in our family regardless of your age or ability Tell us about you!. Click [VOLUNTEER](#) at [masonstoybox.org](http://masonstoybox.org)

## WHO WE SERVE

University of Virginia Children's Hospital  
 Bon Secours Saint Mary's Hospital  
 Virginia Commonwealth University Hospital  
 Augusta Health Medical Center  
 Carilion Roanoke Memorial Hospital  
 Children's Hospital of the King's Daughters  
 Ronald McDonald Houses in:  
 Charlottesville/Richmond/Roanoke  
 Alyssa House  
 The Doorways  
 World Pediatric Project  
 (watch this space for more to come!)

## WE DELIVER SMILES

### Year-Long Assistance

Mason's Toy Box Foundation, Inc. is a nonprofit organization that is enabled to help families of children who suffer through medical crises. We offer assistance however we can, from helping to obtain new or gently used appliances or vehicles to helping to alleviate the cost of living while children are in treatment.

### Annual Toy Drives

Thanks to the many shops and businesses which collect new, unwrapped toys each year, we deliver smiles with Santa and official Mason's Toy Box elves to pediatric patients and their families who call the hospital "home" for the holidays. We and Santa also deliver toys to the kids whose summer months are confined to hospital spaces.

### Mason Clark Thomas

Mason often put others first though he battled with neuroblastoma. He often gave his brand new toys to other patients and told his Mom he lost them. It is with his big heart in mind that we give toys away to Mason's Friends with your help.
