Why partner with us?

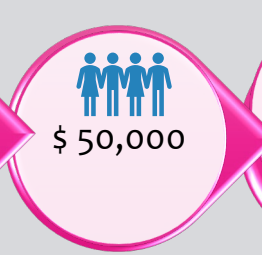

MTBF has delivered around 5,000 smiles per year since 2011. We have achieved this through collaboration, trust, innovation, and experience. We continuously work in partnership with hospitals, other organizations, and the community. Mason's Toy Box Foundation is a 501(c)3 nonprofit organization which lends emotional, financial, and medical support to families engaged in pediatric medical life-altering struggles by offering gifts to hospitalized children and their families. There are quotes from participants in our program on the left. We are truly making a difference. We have significant volunteer engagement—in fact, we currently have no paid employees. Our operations currently depend upon donations and volunteers. Paid staff will be a part of the equation in our future. Our volunteer engagement is amazing. Your financial sponsorship will make an invaluable difference for these children. You will be instrumental in reaching one family at a time and help us to continue to make a difference beyond holiday giving. We aid these families year-round at a critical time for them. Your support WILL be meaningful. Please join us in being the support these families so desperately need.

Please click the video link to the right to see our televised commercial.

By partnering with us, you make it possible for MTBF to reach many families. Through your giving, you will deliver smiles to countless lives.

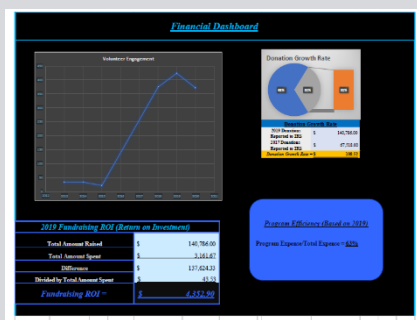

• Annually this amount can deliver an additional 500 more smiles per year.

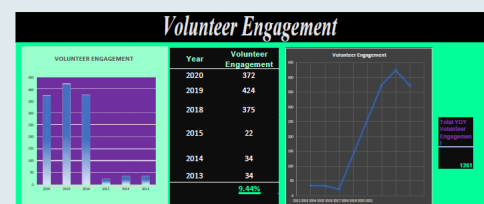

• Annually this amount can deliver an additional 1000 more smiles per year.

• Annually this amount can deliver an additional 1500 more smiles per year.

Volunteer Engagement. This metric below demonstrates over time the number of volunteers we have increased by and during the Covid-19 holiday season of 2020 MTBF lost approximately 50 volunteers but had increased since 2015 from 22 volunteers to 424 volunteers in 2019. During 2020 we had 372 volunteers.
